

How to register

To register for the Kingston Kiwanis Music Festival, you first must create a “Profile” in our software that is called “Music Festival Suite”. A “Profile” is personal identifier that you use to login into “Music Festival Suite” to register for classes, make payments, etc. and provides the festival with contact information.

Follow these steps to create a Profile (also called a “username”).

1. Go to <https://kkmf.musicfestivalsuite.com/>
2. Scroll down and click on *”Getting Started Guides”*
3. Use the guide to decide whether to register as a parent/guardian, a performer, a teacher/group leader, accompanist, adjudicator, volunteer, or a combination of these roles. **If you are under 18 get your parent/guardian to first make their profile and then they can make yours.** Read the “Step-By-Step” instructions.
4. Click on *“Back to Login”* to go back to the login screen.
5. Click on *“Don’t have profile yet?”* and follow the instructions.
6. Note that you can make your profile by logging into Google, Microsoft, Yahoo, or directly into “mfs” using the button “Create my Profile Manually”.
